The OUSA Board had a phone meeting to discuss and approve the Interscholastic Bid for 2014. Two clubs had submitted bids for this event, OCIN and GAOC.

A motion was made to accept OCIN's bid, and give GAOC right of first refusal for the 2015 IS and IC championship. After discussion which included historical discussions of OCIN allowing the IS competition to be on the West Coast in 2012 and issues of OCIN holding the IS/IC in 2015 because of prior commitments with OUSA as well as input from GAOC, the motion was approved unanimously.

The location for the Intercollegiate championship was not determined at this time and will be decided at a future time. This is because there was the possibility of having it on the East Coast with the thought that it might attract more colleges but no decision was made.
